our Guiding Principles"*

### ABOUT US

Wall Creations/ConcreteCast.com manufactures custom cast concrete, cast stone and cast plaster products, counter tops, fireplace surrounds, and ornamental pieces. Using a mix of Portland cement, and ground quartz or ground marble, the end result is a cast stone product with the look and feel of natural stone.

These products maintain their own unique characteristics, and can be custom colored and finished to your liking. Cast stone develops its own patina over time, and can be diamond polished for a glass-like finish.

### STYLISH. ARTISTIC. CREATIVE.
